OKLAHOMA DEPARTMENT OF CORRECTIONS

William S. Key
CORRECTIONAL CENTER

William Monday
Warden

History

The William S. Key Correctional Center was formally opened on December 6, 1988 as a minimum security institution at Fort Supply, Oklahoma, and named after General William Key. General Key served as Warden of Oklahoma State Penitentiary on two different occasions.

Sue Frank was appointed the first warden of William S. Key Correctional Center and was also instrumental in the establishment of the Historical Foundation, dedicated to restoring and interpreting the history of the Camp Supply era, a former military site which was an Army supply base in the late 1800's. The facility shares with the Oklahoma Department of Mental Health and Substance Abuse Services, the Department of Career Technology Education, and the Fort Supply Historic Site.

Fort Supply Historic Site

Historic Fort Supply was established on November 18, 1868, as "Camp Supply" for the winter campaign against the Southern Plains tribes in what is now western Oklahoma. Lieutenant Colonel George Custer and the Seventh U.S. Cavalry marched south to the Washita River and destroyed the Cheyenne village of Chief Black Kettle. The mission of the Fort Supply Historic Site is to educate the public about the history of Fort Supply and northwest

Fort Supply, Oklahoma

Oklahoma through the preservation of its historic resources. As part of this mission the five remaining historic buildings have been restored to their appearance during the Army era of 1868 –1894.

OFFENDER PROGRAMS

Prisoner Public Works Program (PPWP)

WSKCC has 17 active PPWP work crews offering employment to a maximum of 69 offenders.

Most of the PPWP crews provide lawn maintenance, trash removal and other carious tasks for a number of county, city and state agencies. Each year a special PPWP crew is assigned to the City of Woodward Crystal Christmas Project.

All crews are supervised by DOC officers or trained civilian supervisors.

Key to Life (KTL)

The Key to Life Program is a Drug and Alcohol Substance Abuse Program. The program's

structure is intensive residential for minimum-security male offenders, as assessed by the case plan or as court ordered. The program is divided into 3 phases with a duration of no less than 6 months. The KTL program elicits change from antisocial thinking to pro-social thinking, by providing a highly structured cognitive behavioral program. Through role play, homework assignments and group discussions the offender rehearses pro-social responses dealing with life situations. In addition to the requirements of the program participants are encouraged to meet any educational needs that have been assessed: GED, ABE, and Career-tech.

Chapel & Volunteers

The chapel ministers to over 30 different religious groups with more than 35 different Native American Indian Tribes. It offers over 20 faith based programs and classes designed to help offenders fix the problems that brought them to prison and to help them be successful upon re-entering society and become a productive citizen. This allows the offender to acknowledge his mistakes and learn how to cope while in prison and upon release. These programs range from Substance Abuse, Character Development, Parenting Skills Development, Re-Entry, Moral Reasoning to Recovery from Loss of Life, How to Come Back from Setbacks, Sobriety / AA & NA, White Bison Group, Genesis One, Apologetics, Bi Frost Kindred, Breaking Free, Creation Class, EE Class, Managing Morality, Preachers and Teachers, Destination Character, VBI Bible Covenant, VBI Renewing the Mind, Anger Management, Free As

An Eagle, CASA, Homes of Honor, Empowered Parenting, Making Peace with the Past, Marriage Prep, New Life Behavior, RAPHA, Leadership Development and Celebrate Recovery. The chapel provides for personal counseling during crisis situations of offenders and staff members.

Career Tech

The Construction Trades Academy is located at WSKCC and offers customized training to meet the unique needs of industry companies. The length of time to complete training varies based on skills ability; none are over six months. Achievement credits are awarded in accordance with hours completed. The course is flexibly designed for varying clock hours of instruction based on individual student needs.

Education/Literacy

WKCC implemented the College Program in 2009 through Rose State College and UCO. College courses are offered for the offenders that are self pay or through tribal funds.

Literacy – Targets individual offenders whose reading skill level is below 6.0 as measured by the Test of Adult Education at the time of entry into the education department.

G.E.D. Preparation – Targets individual offenders whose total battery performance level is above 8.9.

Adult Basic Education (ABE) – Targets individual offenders whose total battery performance level is below 8.9 and their reading level is too high to qualify for Literacy program.

OPERATIONS

Tree Farm/Garden

WKCC has a one-acre tree farm that is sponsored by the forestry department. Small trees are donated to any non-profit agency upon request.

WKCC has a two-acre garden with a variety of vegetables being grown, which are utilized in the facility kitchen every summer.

Agri-Services

The WKCC Agri-Services unit consists of 3,552 acres. This rangeland supports a 240 head cow/calf operation. Vegetable crops are also grown on a 23-acre garden. Vegetables grown consist of broccoli, cabbage, carrots, cantaloupe, honeydew melon, and potatoes. Crops are harvested by hand and prepared to be shipped fresh to facility kitchens in the area and the excess is shipped to a processing plant located at JCCC where it is processed and frozen for consumption in the winter months.

College Program – Targets individual offenders who have confirmed high school diploma or G.E.D. certificate.

CIMC Life Skills - CIMC Life Skills is a nine-component program which provides offenders information for developing and/or enhancing basic life skills intended to help offenders function better upon re-entry into society.
