A business incubator site is a facility in which small businesses may rent space, and where management provides business development services such as financial consulting and marketing assistance. Sponsors of an incubator may be exempt from Oklahoma income taxes on income earned from rental fees, other income derived from services provided to the tenants, or for providing funding for an incubator site. This exemption is for 10 years from the date of the tenant's occupancy within an incubator. A sponsor must be a certified incubator with the Oklahoma Department of Commerce.

The tenant of a certified incubator, or its owner, is exempt from state tax liability on income earned as a result of activities conducted as an occupant in an incubator for up to 10 years from the occupancy date in an incubator site in accordance with rules of the Oklahoma Tax Commission. The exemption remains in effect after the date the tenant is no longer an occupant in an incubator, but not to exceed a total of 10 years. In order to qualify for the income tax exemption for the 6th through 10th year, the tenant must make at least 75% of its gross sales to buyers located outside the state or to the federal government.
