

QUALIFYING CENSUS TRACTS

The following specific Census Tracts are recognized as Enterprise Zones because they meet criteria that took effect after July 1, 2000. Unlike the case with grandfathered areas, these Census Tracts are all based on Census 2000 boundaries using data from the 2005-2009 American Community Survey. To determine the Census Tract for a specific address, use these steps:

Address based search

- a) Go to
<http://factfinder2.census.gov/faces/nav/jsf/pages/searchresults.xhtml?ref=addr&refresh=t>
- b) Click on “street address”.
- c) Enter the address information in the white boxes and press the “Go” button.
- d) The page will refresh with detailed geographic information.
- e) Note the County and the Census Tract.
- f) Look in the corresponding table first for that County, then for that Census Tract.
- g) If you still cannot determine which Census Tract is appropriate, contact Lesli Walsh with the Oklahoma Department of Commerce by e-mail at lesli_walsh@okcommerce.gov or by phone at 405-815-5120.

Qualifying 2000 Census Tracts by County: Based on 2005-2009 American Community Survey Results Note: some sources may not include leading zeros.
