

About SoonerStart

SoonerStart is Oklahoma's Early Intervention program designed to serve families and their children, birth to 3 years old with developmental delays and disabilities.

Services are provided in the child's natural environment, which is at home, childcare, or other settings where all children live and learn.

SoonerStart professionals work hand-in-hand with the child's caregiver to support and enhance the child's development in the family's day-to-day routines.

The SoonerStart team supports the primary service provider in serving the family with all child and family outcomes.

SoonerStart is Oklahoma's Early Intervention program designed to meet the needs of families with infants or toddlers with developmental delays and disabilities.
