

## **COUNTY SHERIFFS IN OKLAHOMA**

The above list is inclusive of all the Oklahoma County Sheriff's offices. The county sheriff law enforcement authorities are expansive. Thus, they can handle most law enforcement issues on state and/or private land and may have jurisdiction on federal and Indian land as well. If you have difficulty contacting the appropriate officials about site vandalism or the discovery of human remains, the county sheriff would be the next best alternative.

## **TRIBAL PRESERVATION OFFICERS**
